

CANADA J C I SENATE

July 2005

Volume 32 Issue 2

President's Report

I have been thinking recently that the Canada JCI Senate is a "Circle of Friends". We communicate with each other through the newsletter, we meet at local Senate gatherings and we talk to each other on the phone or via e-mail. Regardless of how we keep in touch we all share a common bond of being former Jaycees and we all still care about the future of JCI chapters.

Since I was elected Vice President I have been challenged to have younger Senators participate in our organization and our activities. The United States Jaycees and the United States JCI Senate do an excellent job of activating younger Senators. Before they age out the local JCI Chapter puts their members in touch with the local Senate group or the State Senate group. During my recent trip to the US JCI Senate Convention in Grand Island I was surprised to meet many Senators with 50,000 and 60,000 Senate numbers, many of who were serving as State officers. We need to have more of our younger Canadian Senators participate and get involved if we are going to keep the Canada JCI Senate a viable organization going into the future. I would like to invite any Senator who is not active at the local or national level to attend one of the many meetings held locally or better yet to attend a "Crew Meeting" where you will meet a whole new "Circle of Friends" from both Canada and the United States.

From June 19 – June 23 I represented the Canada JCI Senate at the US JCI Senate National Convention in Grand Island NY. U S Ambassador to Canada Bruce Geddes and wife Jean were gracious hosts and all of the Senators I met welcomed me and made sure I was included in all of the activities. During the business meeting I presented President Joe A Souza with a Canadian Flag and a book on behalf of the Canada JCI Senate. Congratulations to Senator Ed Hart 28991 from Missouri who was elected President of the US JCI Senate for 2005 – 2006. On Tuesday morning Canada hosted a Back Bacon Breakfast with the assistance of all of the Canadian Senators who were in attendance. Thanks to Russ Cooper 4638 and Bruce Geddes 35227 for getting everything organized and thanks to all Senators who helped with the cooking and serving. Other special guests at the convention were Georges de Veirman 27633 from Belgium, the European Ambassador to the US, Canada, and Mexico, President Gavin MacPherson 16985 of the British JCI Senate with wife Jeannie, and the President of the Mexican Senate. Thank you to all of the Senators who made me feel welcome and I hope many of you will come to Canada so we can return the favour.

June 24 Barbara and I attended a reception at the home of Senator Andy 23119 and Donna Lyons to welcome British President Gavin MacPherson to Canada. On behalf of the Canada JCI Senate I presented Gavin with a Canadian Flag and a Canada Senate Pin. Several members of the Durham Senate were in attendance and we spent a nice evening in the garden. Thanks Andy and Donna.

On Saturday August 27 Senator Eric 27853 and Joan Cowen will be hosting a summer social at their summer home in Norland, Ontario. If any visiting Senators are going to be in the Southern Ontario area during this time please contact me and join in the fun.

Senator Bernie Gilbank and his committee are meeting and planning for Crew 2006 in Charlottetown. Register now for what promises to be a busy, fun weekend May 19 – 21 2006.

Thought you might be interested in this clipped from the Junior Chamber International Web site which is www.jci.cc Check it out, it is interesting and it brings back fond memories.

I wanted to share this with everyone, Senators, Jaycees and the general public. You should all be very proud.

George Bush Endorses JCI - On Saturday, May 21, 2005, the President of the United States, George Bush, while delivering a commencement address at Calvin College in Grand Rapids, Michigan, encouraged graduates to make a difference by joining organizations such as "Jaycees" (JCI), which he called "armies of compassion" and "great engines of social change":

Finally, we must understand that it is by becoming active in our communities that we move beyond our narrow interests. In today's complex world, there are a lot of things that pull us apart. We need to support and encourage the institutions and pursuits that bring us together. And we learn how to come together by participating in our churches and temples and mosques and synagogues; in civil rights associations; in our PTAs and Jaycees; in our gardening and book clubs, interest groups and chambers of commerce; in our service groups -- from soup kitchens to homeless shelters.

All these organizations promote the spirit of community and help us acquire the "habits of heart" that are so vital to a free society. And because one of the deepest values of our country is compassion, we must never turn away from any citizen who feels isolated from the opportunities of America. Our faith-based and community groups provide the armies of compassion that help people who wonder if the American Dream is meant for them. These armies of compassion are the great engines of social change, they serve individual and local needs, and they have been found at the front of every great movement in American history...

President Bush praised "social entrepreneurs" such as JCI Members:

From abolition societies and suffrage movements to immigrant aid groups and prison reform ministries, America's social entrepreneurs have often been far ahead of our government in identifying and meeting the needs of our fellow countrymen. Because they are closer to the people they serve, our faith-based and community organizations deliver better results than government. And they have a human touch: When a person in need knocks on the door of a faith-based or community organization, he or she is welcomed as a brother or a sister.

No one understood this better than another 19th century visitor to America whose name is well known to Calvin College: Abraham Kuyper. Kuyper was a Dutchman who would be elected his nation's prime minister, and he knew all about the importance of associations because he founded so many of them -- including two newspapers, a political party, and a

university. Kuyper contrasted the humanizing influence of independent social institutions with the "mechanical character of government." And in a famous speech right here in Grand Rapids, he urged Dutch immigrants to resist the temptation to retreat behind their own walls -- he told them to go out into their adopted America and make a true difference as true Christian citizens.

The President encouraged Calvin College graduates to become involved: As your generation takes its place in the world, all of you must make this decision: Will you be a spectator, or a citizen? To make a difference in this world, you must be involved. By serving a higher calling here or abroad, you'll make your lives richer and build a more hopeful future for our world.

At Calvin College, you take this call to service to heart. You serve as "agents of renewal" across the Earth. As the Class of 2005 goes out into the world, I ask you to embrace this tradition of service and help set an example for all Americans. As Americans we share an agenda that calls us to action -- a great responsibility to serve and love others, a responsibility that goes back to the greatest commandment. Adios Gary

Vice President – Senator William G Enefer 8136

Think of the benefit of wearing a Senate Golf Shirt on the golf course. If you are retired and golf, it would be a great conversation piece to promote the Junior Chamber to grandfathers and grandmothers to encourage their grand children to become involved in a leadership training organization. If you aren't retired and golf, it would be a conversation piece to promote the Junior Chamber to business owners, fellow workers, children, friends and acquaintances to encourage them to become involved or sponsor members in the Junior Chamber. If you're not a golfer, wear a Senate long or short sleeve shirt in a mall, sports game or whatever. People wear shirts with a monogram on them. Why shouldn't we wear a shirt with a Senate monogram on it? What's that? You don't want your name on the shirt, okay we'll leave it off, just the Senate crest will be embroidered on the short or long sleeve shirt. We can do a lot to subtly promote the Junior Chamber and refer prospective members to our local Junior Chamber. Future Senators will come from an increased Junior Chamber member -ship. We bought the Jaycee concept, let's continue to sell it to others and leave a legacy.

Webmaster – Senator Alan D Salmon 12323

For the 9th year it has been my pleasure to serve as the web master for the Canada JCI Senate. Our website continues to provide a valuable service, not only to our members, but also to many other JCI Senators around the world. I am pleased that the number of visits continues to grow with 15,506 visits from 10,010 individuals in 100 countries in the last year. This is a 5% increase from 2004. A detailed analysis of the visits to our website is included in a later section of this report.

Looking ahead to next year, I am planning to put a schedule of all of the local Senate activities on the website. This will allow visiting Senators to search for local Senate events easily and quickly.

I will continue to update the website on a regular basis There are times during the year when this is a challenge. As some of you know, I travel constantly and there are periods when I have limited time and/or access to the Internet. This is particularly true in April when Nancy and I do our annual "Around the World" trip. In certain other months in the fall and late spring I am totally focused on our world wide consulting practice and I do get behind on both website work and my e-mail. When this happens, I would hope that you would be patient with me.

The table below shows a comparison of the web traffic for the last three years:-

	<u>2004</u>	<u>2003</u>	<u>2002</u>
Visits	15,506	14,768	13,439
Unique Visits	10,010	9,524	8.667

Canada J.C.I. Senate Ambassador to the US JCI Senate – Senator Russell W Cooper 4638

We've just returned from a successful US JCI Senate Annual Convention which was held in Grand Island, New York close to the Canadian border. Close to 500 Senate registrants made this one of the most successful conventions ever.

The Canadian Senate participated by hosting a Canadian Breakfast of peameal bacon on a bun which was more than well received. The Canadian contingent was led by President Dan MacLaren who was assisted by a host of Canadian Senators, including Tom Thomas 18705, Linda Blanchard 44776, Ed MacDonald 38469, Victor Farrugia 59813, Don Burton 26947, Andy Lyons 23119 and, of course, their spouses.

The new President of the US JCI Senate is Ed Hart 28991 of Missouri who with his wife Bonnie 59553, have already registered for the Meeting of the Crew in Prince Edward Island May 19 – 21, 2006.

Many of the Canadian Senators participated in the Annual Hal Krekorian Memorial Golf Tourney which raises money for the US JCI Senate Foundation.

In the next couple of months, we'll be off to the Ohio Pig Roast in Van Wert, Ohio July 15 to 17, the Illinois Picnic July 22 - 24 and the Michigan Golf Tourney on August 27 in Grand Rapids, MI.

This fall starts with the US JCI Senate Board Meeting September 15 - 18 in Boston, Mass. followed by the World Congress in Vienna, Austria.

On the home front, plans are continuing for the Toronto and District JCI Senate's Annual Gourmet Dinner which this year will be held on October 14 at the Albany Club in Toronto. Further details will follow.

Following the US JCI National Convention in Grand Island, New York, Marilyn and I had the opportunity to visit with Jim Harmaty 31809 in his hospital room in Buffalo.

Jim has been there for 12 weeks so far following his accident in his home and while he remains positive, progress is slow and complicated by infections and slow healing breaks in his shoulders and spinal area. He continues to have physiotherapy every day and is positive about walking again.

What a great Ambassador for Buffalo; even when he's on his back in a hospital room, he still talked about his home town and what there was to see and do!

I'm sure Jim would appreciate hearing from Canadian Senators - his address is - Jim Harmaty, Room 821 - Erie County Medical Center - 462 Grider St., Buffalo, NY 14215 U.S.A.

JCI Canada National President – Senator Patty Auger 65436

It gives me great pleasure to announce that two of our 2004 Outstanding Young Canadians has been short listed as one of 30 vying for JCI's Ten Outstanding Young Persons award. Remi Tremblay was nominated for his accomplishment as the founding President of ECCO Personnel in Quebec at the age of 22, which became ADECCO Personnel, employing more than 400 people and placing over 11,000 workers in offices across Canada. Dr. Nancy Mathis was nominated for her scientific innovation which includes being involved in patenting several research based prototypes.

JCI Canada has also been featured in a one page advertisement in the newly launched, Corporate Training Magazine. Future editions are expected in the fall and winter of 2005.

Plans continue to be underway for the 70th National Convention being hosted by JCI Cape Breton in Sydney, NS on September 14 to 17, 2005. I look forward to the convention as we have some exciting training lined up including JCI Canada "Apprentice", media and local business panels as well as top quality training sessions.

The development of a National Effective Speaking training program, which will include a train-the-trainer session, training manual, participant manual and a "how-to" guide on presenting the training locally. My sincere thanks go to the Canada Jaycee Foundation and their Board for their support of this exciting initiative. Our Chapters are also excited about this program which is expected to be launched at National Convention in September 2005. Have a great summer.

US JCI Senate President – Senator Ed Hart 28991

Dear Dan: I hope that you had as good a time at Grand Island as we had in Calgary. I personally was honored that you were able to attend and participate with us.

This letter is to inform you that we have reappointed Senator Bruce Geddes 35527 as the US JCI Senate Ambassador to Canada. If you have any questions regarding this appointment, please do not hesitate to contact me at your convenience.

I thank you for your "official" appointment of Russ Cooper 4638 as the Canada JCI Senate Ambassador to the US JCI Senate. For years he has represented Canada well, however now that it is official, he will probably be unbearable. He truly has been one of Canada's greatest exports to the United States.

I look forward to seeing you at different times during the year, but I cannot wait to go to Prince Edward Island in the Spring.

The Greater Toronto JCI Senate and Past Members Second Annual Golf Tournament and Dinner Cherry Downs – Chairman Senator Hal Huff 16702

We had 17 starters this year and 20 for dinner. The low gross winner was Bill Skribe 25511 from Durham Region Senate group. The most honest golfer was none other than Peter Tiveron from Toronto. M. Bashir Al-Rawass 21584, Jim Chestnutt 16622 and Paul Cunningham 3972 joined us for dinner. It was interesting to hear that Jim and Bashir are entering into the casket importing business and suggested that we all put our orders in now? Jim has progressed from selling pots and pans while employed at Eaton's and Basher is moving from manufacturing grandfather clocks. Someone even suggested that he might convert his clocks into caskets. Sounds like another Jaycee project?

Great fun was had by all, and for those interested in joining us next year, the event will be held in the third week of June.

Through a discussion led by Paul Cunningham it was felt that we should consider sponsoring out of our Senate Fund new Senators from the GTA area. For any one interested please contact Paul Cunningham 416-696-9282.

Mid Canada JCI Senate Golf Tournament

The Mid Canada JCI Senate Golf Tournament will be held on Friday, August 5th at The Meadows at East St. Paul Golf Course, just north of the Winnipeg Perimeter off Lagimodiere Blvd, at 10:30 AM. It will be followed by a Barbeque at the Kraushar's residence at 5 Primrose Crescent in West Kildonan. Contact benefer@shaw.ca to register.

THACKWRAY, Ian 20406 – 15 Victoria St., P.O. Box 365, Hagersville, ON N0A 1H0 (R905-768-0034)(Fax: 905-768-0037)(iant@toplineprinting.com)(Lynne) – I am happy to announce the retirement of Senator William (Bill) J. Miles 8368 from the printing industry, of which he has been a most valuable and honorable employee/employer for over 40 years. Bill has been an interested and active Jaycee and Senator also for over 40 years. He and his wife Janette are now enjoying fully, their family, cottage, and home in Oakville. I have been a friend of Bills for almost the same period of time and am pleased to report that over all these years we, the four of us still have, I think a very positive relationship. All because of Jaycees and I am sure Bill would really appreciate hearing from any old friends, now that he is the proud owner of a new laptop, which I feel sure by the time you read this information, will be able to take off his messages.

Please contact him at b.miles@sympatico.ca. It could be bmiles@sympatico.ca. As we would expect, his company Topline Printing and Graphics in Mississauga, have just presented Bill "The William J. Miles Award of Excellence". From now on this will be presented to the Salesperson who epitomizes Bills outstanding sales achievement and work ethic. Many of Bills successes would be attributed to his involvement in the "Canada Jaycee" organization and has truly set the bar, showing what a great Jaycee can accomplish.

Bill and Jan, best of luck in your retirement, always remember you still have lots of friends in JCI and the "Canada JCI Senate" and your lives are just starting. We send our highest Regards.

HOGLE, Bruce W 38026 – 238 Country Club Point, Edmonton, AB T6M 2J6 (R780-487-4566) (E-Mail: gbhogle@telus.net) (Gail) - Thank you Barney and much appreciated. Though' certainly not as active as you and such other Jaycee friends as Bob Erb 2956, Russ Cooper 4638, Pat Gilker 3542 and Bud Salloum 2931, it has and is a great organization, and like every other group today - requires many new members...though the pressures on young people today often does not allow that. Best wishes. (Bruce – It sure was nice to talk to you and get your new information for our records – Barney).

STANFORD, William 7861 – 61 – 5838 Blythwood Road, Sooke, BC V0S 1N0 (R250-642-7211) – I have enclosed a donation and my best wishes for all and good health. Please change my address as shown above. (Bill – Thanks for your change of address and the best of health to you – Barney).

heard about your fishing trips from some of your Canadian buddies. As long as you are catching the big ones in numbers – okay. Next year we gather in the St. Louis area and of course our Crew will meet at Myrtle Beach, SC. It seems there is always a lot to do and look forward to. I can never remember if I have sent my Newsletter dues so I hope this is okay. Good news from the Mayo Clinic and hope you and Molly are well. Have a fun summer. (Daryl – Molly and I are sure glad you got a good report from the Mayo Clinic. We both hope to see you in the near future – Barney).

We really appreciate their efforts, for without them, we would not have had the opportunity to revisit so many of our old acquaintances under such pleasant circumstances – some friendships that have continued for over 50 years! This reunion was a delight. As we are losing some of our old Jaycee buddies, and Jaycettes, each year, we treasure these moments all the more Thanks again and keep up the good work. (Doug – Thank you for your contribution and I agree that the Calgary Crew Meeting was a delight and will be remembered. I was also able to catch up with former Jaycees from my era that I have not seen in years. I hope to see you again in Charlottetown – Dan).

If you want privacy, you can request accommodation in a "Bare Bones Cabin" in which you will need to bring your own air mattress and sleeping bags. There is a single light and two electrical outlets. The choice is yours.
